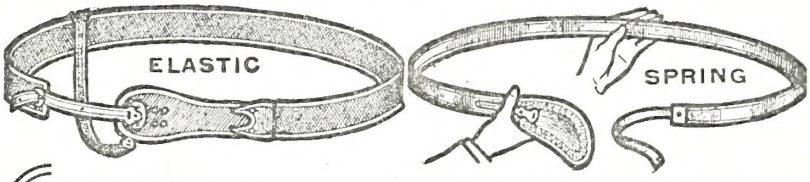
TORTURE-TRUSSES

WHY DO YOU WEAR TORTURE TRUSSES LIKE THESE SHOWN HERE?



Above is shown the torturing Elastic Truss generally fitted with water pads—with leg-straps that pull the pads on the pelvic bone, leaving the real opening of Rupture unprotected. The Belts around the body often have to be made so tight as to cut into the sides as shown, and yet fail to hold.

Do not continue to torture yourself with a Belt Truss like the above.

See How Belt Cuts

See How Spring Cuts

Above is shown the criminal Spring Truss with its pads made to press on the bone and on parts not connected with the Rupture at all. If you have a Spring Truss, try to hold it apart as if on your body, and then you will know what unnecessary and harmful pressure is exerted by such a Truss.

Do not any longer wear a criminal Spring Truss like this.

The Faults and Dangers of Wearing Torture Trusses more fully explained in my Book or on examination.

Comfort and Cure at SMALL COST Think of the Suffering and the trouble spared if you could get your Rupture HELD WITHOUT the cutting Belts, leg-straps and springs,—if you could do your work in comfort and freedom, with the full knowledge that you were as SAFE as if you never were ruptured, and with a CURE made possible for you AT LAST. All this is assured with my Guaranteed Truss without Belts.

My Invention Solves the Problem and you will be convinced of this wonderful truth THE VERY MOMENT I fit you or after you have read my FREE book, which I gladly mail to all writing for it. I state FACTS only, and show photographic illustrations of my appliance, guaranteed to hold ANY Rupture, including the very worst cases. SMALL COST. No springs. No leg-straps. May be worn in bath or while bathing. Most durable and cleanly. My 40 page descriptive Book, with Order Blank, eminent Surgeons' Testimony and copy of "Your Neighbor's Word," containing 3,500 testimonials—some may be from your own gratified neighbors—all mailed in plain, sealed envelope for the asking.

Perfect Fit

is assured at ONE visit to this office or through information answered on our Order Blank.

The Truth

and nothing but the Truth is stated in my Book. No matter where you live call or write for it.

WEIGHING STATIONS FOR COAL.

The following scales have been designated by the Mayor as weighing stations for coal and coal vehicles under the provisions of chapter 327 of the Laws of 1900:

Under this law every purchaser of coal in New York City has the legal right to send any load of coal so purchased to any of the following scales to be weighed, provided that the scales shall be no more than one-half mile distant from the place of loading or of the place of delivery of said coal.

The weigh master is entitled to a fee of 15 cents a ton, which must be paid by the purchaser, and which may be given to the driver or sent by any other person along with the coal.

After the loaded vehicle is weighed and the coal delivered to the purchaser, the driver must take the empty vehicle back to the scale to be weighed, and the weigh master will then send a certificate of the weight to the purchaser.

STREET AND AVENUE DIRECTORY

OF THE

BOROUGH OF MANHATTAN

Corrected May 1, 1909.

FOR STREET DIRECTORY OF THE BOROUGH OF THE BRONX SEE PAGE 131

Entered according to Act of Congress, in the Year 1909, by
THE TROW DIRECTORY, PRINTING & BOOKBINDING CO.,
In the Office of the Librarian of Congress at Washington.

EXPLANATION.

IF you wish to find the location of any dwelling-house or store,—for instance, No. 80 **ALLEN** Street,—on consulting the Street Directory (*see* **ALLEN**) you will observe that 66 Allen is on the right hand of that street and on the corner of Grand, and 86 Allen is on the right-hand corner of Broome; hence the desired number, 80 Allen, will be on the right-hand side of Allen Street, between Grand and Broome.

Or, suppose you are going up Broadway, and wish to take a cross street, so as to call at 236 Hudson Street; on examination (*see* **HUDSON**) of the corner numbers in Hudson Street, you will observe that 230 Hudson Street is on the corner of Broome; hence by passing from Broadway, through Broome Street to Hudson, you are near to the desired number, 236.

NOTE.—For location of apartment houses and office buildings see pages 95 and 102.

STREET AND AVENUE DIRECTORY

OF THE

BOROUGH OF THE BRONX

Corrected May 1, 1909.

FOR STREET DIRECTORY OF THE BOROUGH OF MANHATTAN SEE PAGE 104.

Entered according to Act of Congress, in the year 1909, by
THE TROW DIRECTORY, PRINTING & BOOKBINDING CO.,
In the Office of the Librarian of Congress at Washington.

EXPLANATION

NOTE.—The following resolution, adopted by the Board of Aldermen March 21, 1882, and approved by the Mayor March 28, 1882, will explain the plan of numbering the streets north of Harlem River:

That Willis avenue be numbered, commencing at the Harlem River, and that said numbering run continuously through Willis, Melrose, and Webster avenues.

That all other avenues in the Twenty-third and Twenty-fourth Wards, having a generally northerly and southerly direction, be given the same number at the cross streets nearest their southern terminus as that on Willis, Melrose, and Webster avenues at the intersection of said cross street, and then numbered accordingly.

NOTE.—The following resolution was adopted by the Board of Aldermen April 1, 1902, and was received from the Mayor April 15, 1902, without his approval or disapproval thereof; therefore, as provided in Section 40 of the Greater New York Charter, the same took effect as if he had approved it:

Resolved, That the names of all streets, heretofore named by proper authority, west of Jerome avenue, in the Borough of the Bronx, running from east to west, be and the same are hereby changed by prefixing the word "West" to each and every of the respective names of such streets, and that hereafter, whenever a street west of Jerome avenue, in the Borough of the Bronx, running from east to west, shall be named, the word "West" shall be prefixed to the balance of the name given to such street; that the names of all streets, heretofore named by proper authority, east of Jerome avenue, in the Borough of the Bronx, running from west to east, be and the same are hereby changed by prefixing the word "East" to each and every of the respective names of such streets, and that hereafter, whenever a street east of Jerome avenue, in the Borough of the Bronx, shall be named, the word "East" shall be prefixed to the balance of the name given to such street.
